1. Notices and Statements were sent to all those entitled to receive them under the Building Societies Act 1986 and the Rules of the Society.
2. The periods of notice given complied with the requirements of the above Act and the Rules of the Society, taking into consideration established conventions for the counting of days.
3. There were satisfactory procedures in place during response handling to ensure confidentiality of proxy voting forms and to minimise the risk of loss or unauthorised access.
4. There were satisfactory procedures in place to ensure that verification of the voting forms permitted only valid proxy forms mandated by Members qualified to vote to be included in the count.
5. There were satisfactory procedures to ensure the confidentiality of the count of the proxy instructions up to the point at which we formally reported the count to the proxies.
6. There were satisfactory procedures to ensure that the count of votes cast personally at the meeting included only votes cast by Members qualified to vote.
