## Your money – Paying in

You can add to your savings at any time, just call into a Branch or Agency with your passbook and deposit. If it is more convenient you can post the deposit or save through an electronic payment from your bank account.

If you're paying in money by cheque, it must be made payable to the account holder. We recommend writing your account number on the cheque as well.

Types of Payment	How long until you can access the money you've paid in?
Cash	Immediately
Cheque	6-7 working days
Electronic Payment	1-3 working days (see table below for more details)

If any changes are made to the cheque, you must get the person who wrote and signed it to sign next to the change.

If the cheque can't be paid for any reason, we'll remove the money that was added to your account. We won't pay any interest on the cheque amount, and we'll charge a returned cheque fee. Check our 'Savings Services Tariff' leaflet for more information – you can find it on our website or ask for it in your local branch or agency.

You, or anyone else, can make electronic payments into your savings account. If the money is paid in on a non-working day, or outside normal business hours, we'll receive it on the next working day. As soon as we receive the money, it will start to earn interest and you'll be able to take it out of your account. Check the table to see how long this will take for different electronic payments.

Types of Payment	How long until the payment is received?	How long until you can access the money you've paid in?
Internal Transfer	1 working day	Immediately after we receive it
Standing Order	1 working day	Immediately after we receive it
Faster Payment	1 working day	Immediately after we receive it
CHAPS	1 working day	Immediately after we receive it
BACS	3 working days	Immediately after we receive it

## Closure

Closure of your Limited Access ISA account is permitted at any time without notice.

Closure after you have used your 3 penalty free withdrawals will incur a charge.

Product	Charge equivalent to
Limited Access ISA	25 days interest on the amount transferred/closing balance.

If you haven't had the account for the number of days that interest is due to be charged, you will end up with less money than you paid into the account.

## Interest

We can only change your interest rate if your account has a variable interest rate, and if we have a good reason for it. The amount we change it by will depend on the reason for the change.

Reasons for changing it include:

- If there are changes in laws or regulation
- If we're told to by a court or ombudsman
- If our running costs increase or we think they're going to.
- If the Bank of England's base rate changes

If the interest rate is going up, this will happen straight away, and we won't contact you directly. We'll put the information on our website or put up a notice in your local branch or agency.

If we intend to lower the interest rate, we'll let you know at least 14 days before the change happens, using letter, email, or whichever method you advised is best for you. If you're not happy about the change, you can close your account or move the money to another one. If you do this within the 14 days, you won't have to pay any charges or lose any interest. We'll assume you're happy with the change unless you tell us otherwise.

AER stands for Annual Equivalent Rate and shows what the interest rate would be if interest was paid and added on each year.

The gross rate means before tax.

The tax-free rate means that interest is exempt from income tax.

The tax advantages depend on your individual circumstances and the tax treatment of your ISA may change in the future. Visit [www.hmrc.gov.uk](http://www.hmrc.gov.uk) for more information.
